The Towers

1582 Towers, The *Alone in a big town / Friday Night Date* *Era Records 3106 (US) 1963*

1. Nice Leon intro and through out – great sax – 2. Nice Leon piano through out **-** *two “car” instrumentals.*

Leon did a lot of playing on ERA Records. The Towers are just one of many groups he played in. This one has Steve Douglas and his sax at the front. “Barry Stewart” was an alias for one of the Era Record owners Herb Newman.The other owner was Lou Bedell. The stamp on the labels could be the promoter’s.
